

EZ-WIRE

POLYAMIDE WIRE

EZ-WIRE is a high-tensile polyamide monofilament with low elongation, compact cross section and high breaking strength. This monofilament is ideal for orchards, vineyards, shade covers, netting and fencing.

COST SAVING

No re-tensioning of cordon or catch wires. Two to three rows can be installed simultaneously saving time and labor.

SAFE

7 times lighter than steel wire with limited recoil. Lightweight high tensile strength and cheaper to freight and handle.

MAINTENANCE FREE

Low thermal coefficient requires no re-tensioning through climate heating and cooling cycles. Supports long-term temperatures from -57°C to $+50^{\circ}\text{C}$.

CORROSION FREE

Features a permanent, smooth surface that prevents friction and eliminates rust damage.

NON-CONDUCTIVE

Does not draw lightning, saving plants and irrigation systems.

HIGH INSULATION

Does not carry heat or cold like steel wire, protecting plants from contact frost damage. Black color ensures quicker solar warm-up.

INERT

Super resistant to pesticides, fungicides or fertilizers.

ELASTICITY

Allows for the easy and quick lifting of shoots; one can shape an entire row in one easy step. EZ-WIRE has tremendous "memory" properties, meaning when stretched, it will rebound back to its original shape.

EASY INSTALLATION

Installs quickly and easily with no springs, tensioners or ratchets required to maintain tension. EZ-WIRE can be respooled and reused.

U.V. RESISTANT

Weather resistant properties preserve high tensile strength and elasticity for many years.

EZ-WIRE

POLYAMIDE & POLYESTER WIRE

Black Polyamide Wire

Product No.	Length	Diameter	Gauge	Weight / Roll	Description
FILPOLY-2,5S	1 945 m 6 383'	2,5 mm 0,0984"	12,5	10,89 kg 24 lb	Lift wire for vines or other plants, ideal to attach on it irrigation tubes, etc.
FILPOLY-3S	1 351 m 4 432'	3 mm 0,1181"	11	10,89 kg 24 lb	
Product No.	Length	Diameter	Gauge	Weight / Roll	Description
FILPOLY-4S	760 m 2 493'	4 mm 0,1575"	8	10,89 kg 24 lb	Bearing wire for vines and bird net on structure.

Black Polyamide Wire

Product No.	Length	Diameter	Gauge	Weight / Roll	Description
FILPOLY-2,5SX133	40 m 133'	2.5 mm 0,0984"	12,5	300 g 0.68 lb	Lift wire for vines or other plants, ideal to attach on it irrigation tubes, etc.

White Polyamide Wire

Product No.	Length	Diameter	Gauge	Weight / Roll	Description
FILPOLY-4SBL	705 m 2 312'	4 mm 0,1575"	8	11,4 kg 25.1 lb	White polyamide wire for horse fence.

White Polyester Wire

Product No.	Length	Diameter	Gauge	Weight/Roll	Description
FILPOLY-2,2SBL	853 m 2 800'	2,2 mm 0,0866"	13	6,4 kg 14 lb	Ideal to hold strawberry plants on each side (off ground production in greenhouse).
